Fourth edition of the joint BIRMM (VUB) – CESSMIR (UGent) – MIGLOBA (University of Antwerp) research day.

Words that matter: critical reflections on categorisation from migration and diversity research

The research day CESSMIR-BIRMM-MIGLOBA 2024 will focus on categorisation relating to migration and diversity. Keynote speakers in the morning and workshops in the afternoon will explore how policy and institutional categories related to migration and ethnicity are used in different contexts (e.g. census, political discourses, legal and policy work) and how these categories affect the social world and the way people think of migrants and of ethnic minorities. Sociological research, linguistic studies, law and political sciences are some of the perspectives that will be used throughout the day to explore the above issues.

Discover more about MIGLOBA, CESSMIR and BIRMM Migration Research Day 2023.
